FORULATE PLAN TO BRING NEW SETTLERS HERE

Ottawa—Large expenditures of effort and money, to multiply many times the number of settlers coming to swell the manpower of Canada, is being formulated in a plan formulated by the Federal Government. These plans are rapidly approaching maturity, the first intimation of the new move being contained in an announcement that W. J. Dean, deputy minister of Immigration and Colonization, will leave almost immediately for Great Britain, and that W. R. Little, until a short time ago Immigration Commissioner for the Dominion in Great Britain and who was succeeded by Bruce Walker, is to undertake a special immigration mission in the United States under the direction of Charles Stewart, acting minister of that department.

One of the features of the enlarged scheme is understood to be that it will provide for solely English-speaking immigrants in the main effort, but, having regard for adaptability, more other races will be given consideration. Another feature will be, it is understood, that the colonization phase of the work will be stressed even more strongly than has been the case under the British empire settlement plan. The following efforts and the work of getting immigrants properly settled, which will be given the same emphasis in the matter of those coming from Great Britain under the empire scheme and of those coming from the United States.

Trade Conditions Improving

Upward Trend Indicated By Annual Statement of Bank of Montreal
Ottawa—Signs of improving business continue to appear in the reports published by the Dominion banks of statistics.

Out of six indicators of trade conditions recently published by that office five show an upward trend.

The steepest exception is building. The indexes that show upward movement are railways loadings, employment, pig iron, exports and imports.

Montreal—The Bank of Montreal has published its annual statement for the year ended October 31, 1925.

It indicates general trade improvement, showing larger volume of business expansion by increase in current bank. Total assets now amount to \$125,147,876 against \$118,919,797 at the end of the half-year period. Capital and profit account are shown at \$29,518,709 up from \$27,500,000.

Want Alberta Coal

Ottawa To Make Offer To Secure Balance Of 6,000 Tons Under Contract

Toronto—The Ontario Government will lend every possible effort to at once obtain the remaining 6,000 tons of Alberta coal still due this province under the contract recently signed with Alberta, Ontario and Federal Governments, through the Canadian National Railways. Until Charles McCree, minister of mines, stated, about 32,000 tons of coal were required out of the 23,000 tons trial order prior to the railway's offering its cars for the trial movement.

"The trial movement should be pretty well completed by the middle of December," stated Mr. McCree. "We are taking the matter up with Sir Henry Thornton, first, as to the 6,000 or 7,000 tons shipment, and, secondly, to see if, under the conditions now existing, this tonnage could be increased."

Awarded I.O.D.E. Scholarship

Victoria—Frederick J. Brandt, of Victoria, winner of the first scholarship awarded to British Columbia by the I.O.D.E. Memorial scheme, has been selected as a winner of the second scholarship, valued at \$1,400, and awarded under the same scheme. The scholarship is tenable for one year at a university in Great Britain.

C.N.R. Increases Revenue

Montreal—For the month of October, 1925, net revenue of Canadian National Railways, after payment of operating expenses, was \$98,355,253, an increase of \$2,062,112 over October, 1924, and of \$2,971,941 over October, 1923.

Saskatchewan Egg Pool

May Be In Position To Start Operation Early In New Year

Regina, Sask.—The success attending the first drive for contracts in Saskatchewan egg and poultry pool indicates that the pool will be in a position to start operations early in 1926. U. R. Edwards, chairman of the provincial board of directors, an announcer.

Approximately 2,600 contracts have been received to date at headquarters, and an increasing number is coming in daily. There are 340 men canvassing for contracts in various parts of the province on a commission basis, and more are appointed in the various municipalities. It is hoped that sufficient contracts will have been secured by the end of this year to enable the pool to have a permanent board of directors elected by the contract signers in time to start the pool operating in March, 1926.

An Historic Inc.

Dickens Shrine In Boston About To Be Demolished

Doston, Mass.—The historic Parker House, birthplace of the famous "Parker House Roll," and since 1854 the headquarters of the Dickens pilgrims, served its last breakfast recently. When the last guest had departed, the house was to be demolished, to make way for a modern structure of 700 rooms.

Charles Dickens spent a winter there, and recently the Dickens Fellowship in Boston paid a farewell visit to the rooms which he occupied and which have been kept since as a literary shrine.

Blow To Communists

Conviction of Twelve Members Charged With Sedition Labeled

London—The trial of twelve Communist leaders which ended in the Old Bailey with sentences of imprisonment of 12 months for the five principal prisoners, against whom previous convictions had been proven, and six months for the seven others, against whom no previous convictions were recorded, is the greatest blow the Communist party has yet experienced in this country.

The men, who were charged with conspiracy to overthrow the British government and with violation of the Incitement to Mutiny Act, will be released in the "regular" manner, without any simple deprivation of their liberty.

White Woman Held Captive

London—The only white woman in the area of the present trouble in Syria, South Lebanon, Miss Lillian Cave, a member of the British Syrian Mission, is held prisoner by the forces at Hama, Syria, her headquarters, according to advice received by the British authorities in London. Miss Cave is reported to be well treated and allowed to walk about the town freely.

Appeal For Large Sum

Washington—For the first time since it was established nearly eighty years ago, the Smithsonian Institution, whose valuable contributions to science heretofore have been financed by the government, will, by special act, carry an appeal direct to the people for \$100,000 to enable it to undertake what may be a major project and to continue its publication.

Plan World Press Conference

Chicago—S. N. Aycock, director of the Chinese Government bureau of economic information at Peking, announced proposals for a world press conference at Peking in 1927. He said he was to confer shortly with Dean Walter Williams at the University of Missouri, president of the World Press Conference, who favored the proposal.

Unearth Old Tombs In Athens

Athens—Thirty ancient tombs have been unearthed in Athens by the foot of Mount Lycabettus, at the foot of which it is believed the gold and silver treasures, as well as five mummies, Archaeologists are greatly interested in and are studying what period D represented.

Claims He Invented Tanks

London—Claiming he originated the idea of tanks in the Great War, Captain J. F. Bently appeared in the high court in his suit against the British Government for \$1,200,000 "compensation," which he insists is due him on account of the capture and use of his idea in the British army.

Object To Giving Census Taker

London—England has a difficult time determining the population in several of her colonies. Some nations refuse to give a census, and so it goes to great extremes to dodge the census.

Half-Breeds Facing Trial For Murder

Alleged To Have Slain Grigoris On Hazelton Reserve, B.C.

Princes George, B.C.—Alexander Bird, Frank Bird and Albert Bird, half-breed residents of South Port George, have been charged with the murder, September 12, last year, on the Hazelton Indian Reserve, of Matthew McLean, and probably will be placed on trial at the spring assizes here.

Alexander Bird was arrested at Hazelton by Provincial Constable Clarke. He was picked up by the police near Hazelton, and Frank Bird is serving a sentence here for drunkenness.

On the date of the alleged murder the Indians were holding a celebration on this reserve, which is said to have ended in a free-for-all fight, at the end of which McLean was missing.

Pictureque Trader Leaves Stock Exchange

Disposed of New York Seat For Good

New York—M health has driven from the New York stock exchange one of the most active and picturesque floor traders, Jack Field, who died, and he disposed of it for \$152,000, the highest price on record.

He was a "free lance" trader, and a cubby hole in a broker's branch office was his headquarters.

PROGRESSIVES OF ALBERTA MIGHT ASSIST LIBERALS

Calgary—Dads upon which the former members from Alberta will cooperate with the Liberal Government was discussed at a conference of newly-elected U.F.A. Federal members of parliament held in Calgary. Robert Gardiner, member for Acadia, was assisted by the gathering to present the views of the Alberta members to Premier King.

Harvesting possibility of co-operating with Mr. Meighen, the members came to the conclusion that the Conservative leader's attitude on tariff and upon western freight rates, made co-operation with his party an impossibility. As far as the Liberal stand on the tariff was concerned, they were inclined to the opinion that little could be expected in the way of immediate tariff changes.

There were three points upon which the U.F.A. members felt that they could seek to cooperate with Premier King and the Liberal party with some hope of success. These were the establishment of a system of rural credit, the introduction of the single transferable vote, and the transference of the control of mineral resources to the provincial government, a move which would place the right to develop the Spry Lake power project under the control of the Alberta Government.

GRAIN SHIPMENT RECORDS BROKEN FOR THE SEASON

Winnipeg—Total loadings at Port William and Port Arthur for the season for the season No. 25, when 5,911,000 bushels of grain were shipped out from the terminal elevators. Shipped by boat from the port of Vancouver also were heavy, the exact figure being 732,230 bushels.

Vancouver elevator ports is virtually allied, officials of the Canadian Pacific Railway transportation department stated with 4,590,553 bushels in stock. Marketings on the prairie continue heavy, showing a grand total of 6,977,726 on both railroads.

On the Canadian Pacific line there were marketed on Nov. 23 in Manitoba 257,735 bushels; in Saskatchewan 1,299,253 bushels; and in Alberta 929,753 bushels, making a total of 2,487,742 bushels. A total of 1,572 cars was loaded, while 1,131 Canadian Pacific grain cars were inspected in the

Thousand Treaties Registered By League

Member Nations Are Observing Clause Of Covenant

Geneva—The number of treaties registered with the League of Nations reached 1,000 with the filing by Sweden and Norway of the documents concerning relations to the interpretation of their arbitration convention of 1905. Officials of the league assert all the member nations are faithfully observing the clause of the covenant which obligates them to register all treaties.

To this clause United States President Wilson attached the greatest importance as an instrument for furthering open diplomacy.

Large Terminal Warehouse

Building To Be Erected On Toronto's Waterfront Will Cost \$8,000,000

Toronto—Following negotiations between representatives of a large syndicate in which many interests are represented and the Toronto harbor commission extending over several months it was announced here that arrangements were practically completed for the erection of a water and rail terminal warehouse costing in the neighborhood of \$8,000,000, extending between 12 and 15 acres of the harbor front to handle American and European products. The new structure will be the largest terminal warehouse in the North American continent.

Battle With Seas

San Francisco—The Marine Corps received a message from Honolulu saying the steamer Ryoko limped back that port yesterday after a ten-day battle with storms in mid-Pacific. The ship's bridge, chart house, and captain's cabin were badly damaged, and her steering gear crippled. The Ryoko, of 2,447 tons net, sailed from Vancouver, October 18, for Kobe.

Revolt Among Chinese Troops

Supporters of Manchurian War Lord Fighting Each Other

Peking—A serious revolt has occurred among the supporters of the Manchurian war lord, Marshal Chang Tso-lin, who are fighting each other at Jichow and Chingwang in Eastern Chih along the Tientsin-Mudan Railway.

The claims of the various parties, however, are conflicting.

Some quarters assert that General Kao Sung-Lien, Manchurian general, has captured Mukden, the capital, and imprisoned "Chang" while the others assert that Chang's loyal troops have broken the railway at Chingwang to hinder an advance by Kuo Hung-Lien against Mukden.

It is considered certain that the Mukden revolt has collapsed, at least temporarily, thus strengthening the hand of Feng Yushiang, the Christian general.

Threaten Life Of Japanese Premier

Guards Stationed At Residence In Safety Measure

Tokyo—Heavy police guards are stationed at the premier's residence, due to the recent letters threatening his life, coinciding with information in the hands of the police of assassination plans.

A fortnight ago a burglar blindfolded the premier's teacher and policeman and escaped. His associate, caught by the police, confessed that the murder, knowing that eventually he would receive the death penalty, decided to end his career in a blaze of glory by killing the premier and as many others as possible.

Prince Sakuma, visiting Tokyo, was constantly surrounded by a police guard.

Attempted To Smuggle Opium

Large Consignment Found When Steamer Docks at New York

New York—Pao Hing, butcher of the steamship Eastern King, was held in \$15,000 bail in Brooklyn federal court charged with attempting to smuggle into this country 221 pounds of smoking opium when the steamer docked.

The drug, which was found concealed in the chest lead flooring of the ship's box, was one of the largest consignments seized from a ship since the Opium War, chief steward of the ship, was detained as a material witness.

Many Drowned In Athens

Floods Following Torrential Rain Cause Houses To Collapse

London—Many persons are believed to have perished in the floods in Athens, following a torrential rain of an hour and 20 minutes, says a dispatch to The Daily Express. Many houses in the refuge settlement collapsed. The inmates were hurled in the rain and many were swept away and drowned. Flood waters from Mount Lycabettus washed up 25 tons in Anagnostopoulos Street here.

THE OVERSEAS DOMINIONS AND LOCARNO PACT

London—The attitude of the British dominions to the Locarno pact was a subject for lengthy debate in the House of Lords, and the trend of the speeches was that the overseas governments should support the action of Britain. The dominions "must not regard the treaties as if they have no obligations in Europe," Viscount Grey of Palladin declared.

The Earl of Balfour said he had no misgivings regarding the result of the Locarno pact. The British dominions, he said, were not bound by the treaty, but he was sure they would realize that this was a great effort on the part of the British Empire to secure peace. The dominions would agree the dominions to sympathize with the Mother Country, but all the elements of higher morality to which the dominions were singularly alive.

Lord Haldane was of the opinion that the best way for the British Government to inform the governments of the dominions of the conduct of the negotiations in connection with the treaty as swiftly as possible and leave them to judge for themselves.

Win Prize For Beans

SECURITY PACT LAW IS ADOPTED BY GERMANY

Berlin—By an overwhelming majority the Reichstag adopted the law approved by the cabinet, which authorizes the execution of the Locarno pact, and also endorsed Germany's entry into the League of Nations. The treaties will be formally ratified, thus enabling Chancellor Luther and Foreign Secretary Stresemann to proceed to London to sign the pact and treaties. In the course of the next month, Germany will make formal application for admission to the league.

The only opposition to the various treaties came from the German Nationalists, Communists and Extreme Nationalists, led by General Ludendorff. The attempt of the Nationalists to forestall Germany's admission to the league by demanding enactment of special law authorizing such procedure was defeated by a heavy vote. With regard to Germany's entry into the League of Nations, German people's party and Democrats have adopted a resolution "to urge the government to exercise all possible energy to obtain application and admission to the league in accordance with the spirit of Locarno prior to Germany's entry into the league."

The resolution will be supported by the Social Democrats.

Canada Again Makes Concession

Allowing U. S. Vessels To Load Grain For Winter Storage

Ottawa—United States vessels are permitted to load grain for winter storage at any Canadian port before the close of navigation this year, according to a resolution adopted, made public here. This suspension of part of the Canadian customs regulations is conditional upon the United States at such cargoes at a Canadian port when navigation is resumed next spring. This concession has been made for several years past to favor the close of the navigation season.

Conference To Be Held

Vancouver, B.C.—The conference of boards of trade of all the larger cities of Canada, held in Winnipeg recently, is likely to prove one of the most important developments in Canadian affairs. The conference, presided over by former president of the Canadian National Railways and veteran railroad and financier, who is visiting at least, Mr. J. H. Jones was one of the representatives of the Toronto board of trade.

Will Pay \$1,100,000 Guarantee

London—The British Government's financial obligations in connection with the British Empire Loan, which was liquidated in a few weeks, when a bill was passed in 1924, will be met by the payment of the government's guarantee of £1,100,000 on the same basis as the payments on the money guaranteed by private parties.

Canadian Nurses For China

Calgary—Immediate steps will be taken to raise funds with which to send a delegation of Canadian nurses to the international nurses' convention to be held in China in 1926. Plans were formulated to this end at the convention of nurses attended by about 10 delegates from every section of the province.

municate with the secretary,
Mrs. George Langmuir.

Mr. and Mrs. J. J. Gainer and
family of Excal left this morn-
ing for Morrinville, Alta. Mr.
Gainer will continue as agent
at the C.N.R. depot at that
point. Their many friends in
this district are sorry to see
them leave, but the good wish-
es of all go with them.

It is not too late to mail your
Christmas cards to the Old
Country. We can print them
for you at short notice. A nice
selection to choose from. —The
Jyen News.

George Langmuir was awar-
ded the contract for preparing
the ice for the curling club, and
retaking during the season.
He commenced work at the
rink on Monday.

Mrs. Swartzlander, Sr., and
Mrs. Charles Nelson returned
to town last Monday after
spending a few days in Calgary.

John F. Miller eye sight spe-
cialist of 404 Underwood Block,
Calgary, will be at the hotel in
Oyen on Saturday, Dec. 12th.
Tell your neighbors he is better
equipped than ever.

The annual general meeting
of the Oyen Agricultural Soci-
ety will be held on Thursday,
December 10, at 2 p.m. in the
Masonic Hall. All members
are requested to be there.

—W. V. Miller, Secretary.

Mrs. Arthur Johnson return-
ed to Oyen on Monday from
Alaska with her baby daugh-
ter.

Mrs. Joe Colston, of Benton,
left yesterday for Drumheller,
where she will spend the win-
ter months. Mr. Colston left
two weeks ago for Drumheller.

In Lighter Vein

Speaking of speed, Walter
Marshall thinks that nothing
on earth can move as rapidly
as an idle rumour.

Love makes the world go
round (when it should be asleep)
and naively adds Bob Nesbit,
may account for the fact that
it also makes it dizzy.

The speed of your car, says
Charles P. Snyder, depends on
whether you are talking to a
friend or explaining to the
judge.

Somebody remarked that
nothing is impossible: "Oh, is
that so?" said the cynic. "Well
you try and get a modern flap-
per to go for a ride in a buggy."

You'll forgive us for this one,
it's put in to fill this space: One
thing about the flapper, is rat-
tles before it strikes.

could have no happier expression
than in a gift that may be the turning
point in the career of the recipient.

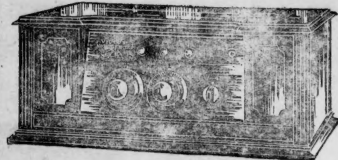

A Bank of Toronto Savings
Account confers a banking con-
nection in which courteous co-operation
does its part in setting the feet of the
recipient upon the road which leads
to success.

To members of your family, sisters,
brothers, nephews, nieces, deserving
employees, and other friends, such a
gift will be of permanent benefit!
